Introduction

Mitral and Tricuspid Valve the reality
and the future:
A Day with the Experts

Dear Colleagues,

it is a pleasure for us to announce the **IV EDITION OF A DAY WITH THE EXPERTS** (Campobasso, 17/06/2017).

In the previous meetings, we have dealt with heart failure, stem cells therapy, and aortic valve. The rapid development of the technology as brought us to focus on innovation, while having a clear view of the present. The therapies for structural valve diseases are rapidly changing, and cooperation between all the experts is necessary.

This year, for our journey on the heart, we would like to focus on all the aspects of the modern therapy of tricuspid and mitral valve disease.

The **Scientific Program** will deal with the new diagnostic, therapeutics, and technological innovations. During the Meeting Mitral incompetence will be repaired with transapical neochordae implantation.

The faculty sees the presence of outstanding scientists from several countries.

During the meeting Prof. Silvia Priori will be awarded with the price Giovanni Falcione.

We hope to confirm the success of the previous meetings.

A warm welcome to Campobasso, the main town of Molise, Italy from the scientific committee.

*Eugenio Caradonna
Carlo Maria De Filippo
Cosimo Sacra*

Program

Mitral and Tricuspid Valve in the Current Era

Chairmen

Ottavio Alfieri, Filippo Crea

08.30-09.00

Welcome Authorities

Welcome Address

Gianfederico Possati

09.00-09.15

Introduction to the meeting

Ottavio Alfieri, Filippo Crea

I Session

**Clinical and diagnostic
evaluation**

Chairpersons

**Bruno Villari, Emilio Vanoli,
Ciro Mauro**

09.15-09.30

Functional MR and therapeutic
implications in Heart Failure
patients

Edoardo Gronda

09.30-09.45

Echocardiographic evaluation of
the relation between mitral and
tricuspid valve

Giovanni La Canna

09.45-10.00

The role of CMR in assessment
of mitral and tricuspid valve

Massimiliano Missere

10.00-10.15

Biochemical aspect of heart failure

Ettore Capoluongo

10.15-10.30

New anticoagulants in heart
diseases: facts and promises

Raffaele Landolfi

10.30-10.50

Honorary guest lecture.
Designing valvular clinical trials

Mariell Jessup

Mitral and Tricuspid Valve the reality
and the future:
A Day with the Experts

5

10.50-11.10

Discussion

Live surgery:

neochordae implantation

**Carlo Maria De Filippo,
Giovanni Speziali**

AWARD “Giovanni Falcione” to
Silvia Priori

Coffee Break

II Session

**Heart Team integrated
approach to mitral and
tricuspid valve**

Chairpersons

**Jose Pomar, Lucia Torracca,
Cosimo Sacra, Enrico
Pusineri**

11.30-11.45

Honorary lecture. Heart Team:
real world experience
Filippo Crea

11.45-12.00

State of art of Transcatheter mi-
tral and tricuspid valves interven-
tions

Corrado Tamburino

12.00-12.15

Percutaneous mitral valve repair:
did we keep the promise?

Paolo Golino

12.15-12.30

Mitral valve repair: the nipple
technique

Patrick Perier

12.30-12.45

Mitral valve repair: shifting the
paradigm from miniinvasive to
microinvasive surgery

Gino Gerosa

Lunch

Afternoon II Session

13.45-14.00

Tricuspid incompetence: When
to repair

Ottavio Alfieri

14.00-14.15

Mitral valve and tricuspid valve repair in heart failure

Steve Bolling

14.15-14.30

Minimal invasive mitral valve surgery in redo operation: tips and ticks

Domenico Paparella

14.30-14.45

Catheter ablation of atrial fibrillation: state of the art and future perspectives

Matteo Santamaria

14.45-15.00

Surgical therapy of atrial fibrillation: state of the heart

Stefano Benussi

15.00-15.15

Innovations in structural valve therapies: the lampoon technique

Mark Goodwin

15.15-15.30

The importance of network to improve the results

Giuseppe Speziale

15.30-15.45

Tricuspid valve repair

Mattia Glauber

15.45-16.00

Percutaneous tricuspid valve repair

Azeem Latib

16.00-16.15

Ischemic mitral regurgitation: lights and shadows?

Antonio Maria Calafiore

16.15-16.45

Panel and discussion

Antonio Maria Calafiore, Lucia Torracca, Luigi Ascione, Giovanni Ruvolo, Carlo Trani

16.45-17.00

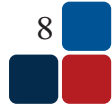

Closing Remarks

Ottavio Alfieri, Filippo Crea, Carlo Maria De Filippo

Mitral and Tricuspid Valve the reality
and the future:
A Day with the Experts

Mitral and Tricuspid Valve the reality
and the future:
A Day with the Experts

The venue of the meeting is:
Fondazione di Ricerca e Cura
"Giovanni Paolo II"
Largo Gemelli 1, Campobasso - Italy

Official language: Italian/English

A translation service will be provided

Accommodation

Di Paola Service has been appointed as the exclusive housing agency to manage hotel accommodation

Continuing Medical Education

Il corso ECM sarà accreditato per le figure professionali di: Medico chirurgo, infermiere, Fisioterapista, Tecnico della fisiopatologia cardiocircolatoria e perfusione cardiovascolare.

The Continuing Medical Education course, will be accredited for the following professional figures: Medical Doctor, Nurse, Physiotherapist, Cardiocirculatory Physiopathology and Cardiovascular Perfusion Technician.

Iscrizione/Registration

L'iscrizione al Convegno è gratuita ed avverrà mediante la registrazione al seguente sito: mitraltricuspidvalve.com entro e non oltre il 10 giugno 2017. L'iscrizione dà diritto:

- alla partecipazione ai lavori scientifici
- al kit congressuale
- all'attestato di partecipazione

Una volta effettuata la registrazione dei dati sul sito mitraltricuspidvalve.com si verrà contattati dalla Segreteria per la conferma dell'avvenuta iscrizione al corso ECM.

Registration for the conference in free and will takes place by registering at the following website: mitraltricuspidvalve.com no later than 10 June 2017.

Every learner will receive:

- A pass for the course
- A Learning Kit
- A certification of participation

Once the recording of your data on the site mitraltricuspidvalve.com you will be contacted by Organizational Agency in order to receive a confirmation of your occurred entry for the Continuing medical education course.

Information

COME RAGGIUNGERE LA FONDAZIONE HOW TO REACH FONDAZIONE “GIOVANNI PAOLO II”

IN TRENO

Di fronte alla stazione ferroviaria di Campobasso (10 metri circa) è situata la fermata Autobus; prendere l'Autobus della linea “**Ospedale Cattolica**”. Il bus, una volta terminato il percorso cittadino, in circa 10 minuti, fermerà prima all'Ospedale Civile e dopo proseguirà verso la Fondazione di Ricerca e Cura “Giovanni Paolo II”.

BY TRAIN

Outside the rail station in Campobasso, there is a bus stop. You can take the bus line “Ospedale Cattolica” and wait for the second stop, in front of Fondazione Cattolica “Giovanni Paolo II”.

IN AUTOBUS

Dal Terminal degli autobus prendere l'Autobus della linea “Ospedale Cattolica”. Il bus, una volta terminato il percorso cittadino, in circa 10 minuti, fermerà prima all'Ospedale Civile e dopo proseguirà verso la Fondazione di Ricerca e Cura “Giovanni Paolo II”.

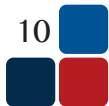

BY BUS

From the terminal bus of Campobasso, you can take the bus line “Ospedale Cattolica” and wait for the second stop, in front of Fondazione Cattolica “Giovanni Paolo II”.
